14/3/2020.

Dear Mr. President,

The COVID19-virus epidemic situation is serious all over the world.

Nobody knows, where is the end, how long this extraordinary period will last.

In lots of places in the world the fanciers would like to start the season.

The leaders of all federations need to be prepared, they have a big responsibility!

We need to pay attention:

- it is possible, that the borders will be close between the countries
- It is possible, because of the quarantine, that the countries will cancel the race.
- all federations need to be prepared to organize races inside the countries, if transportation is possible.

We ask all federations to prepare a racing plan A and B for different situations and this until the 1st of May 2020.

If the Olympic Committee can have a meeting in Romania at the end of April, we can discuss the situation and the results, preparing the Olympiad, and we will inform you ASAP.

Please share this advice on the website of your federation!

COVID-19 FOLLOW in pigeon sport as well:

1. Wash your hands often.
2. Avoid getting close to people affected by acute respiratory infections.
3. Don't touch your eyes, nose, and mouth with your hands.
4. If you sneeze or cough, cover your mouth and nose.
5. Clean surfaces with disinfectants based on chlorine or alcohol.

6. Pets don't spread the coronavirus.
7. Avoid gatherings as much as possible.
8. The basketing responsible must use the mask and gloves.
9. The basketing responsible must enforce the minimum distance of 1 meter between the fanciers.
10. The basketing operations, where it is possible, would be best done outdoors.
11. Prepare the necessary feed orders in advance.

Please be careful, take care, and we hope, we can meet in Romania in January 2021 !

Best wishes,

Istvan Bardos
President FCI
