REMARKS

Arrived on site, all wagons curtains opened and pigeons watered up. All settled down by midnight.

6:30am all waters checked, topped and splashed to encourage young birds to drink. Section 1 was split in two with a 15 minute interval as requested and remainder at 20 minute intervals as normal. 7:00am line of flight was reported excellent all the way, so decision made for 7:15am start. 7:15am first liberation commenced and cleared in a north/north easterly direction. Follow on liberations repeated.

Weather en-route home was excellent with blue sky and very little cloud all the way back to the yard

DETAILS OF BASKET CONDITIONS, ESCAPED/INJURED BIRDS ETC 2 South Gosforth require urgent repair on front flap or birds are going to escape. 2nd time one of these has been reported.
